About Me

I am a Computer Science student enrolled in Hacettepe University seeking internship.
I'm currently in my 3rd year.

I'm primarily interested in Deep Learning and Software Engineering. In general, I love the art of programming and problem solving.

Education

Hacettepe University   Ankara, Turkey
Computer Engineering   *Sept. 2019 – Present*
- BBM406: Fundamentals of Machine Learning   (Fall 2021)
- BBM416: Fundamentals of Computer Vision   (Spring 2022) (Currently taking)

Coding Projects

Breast Cancer Detector | *Python*   Jan 2020
- A really simple and primitive neural network that's done as a school project

Finetuning a pretrained Convolutional Neural Network via PyTorch | *Python* | *PyTorch*   Jan 2022
- Finetuning pretrained VGG-19 CNN model for image classification using PyTorch

Skills

Languages: Python, C/C++, Java, SQL, Rust
Developer Tools: Linux, Git, Vim, VS Code, PyTorch, NumPy, Intellij
